

The New Mexico School Health Manual is prepared by the New Mexico Department of Health (NMDOH), in consultation with the New Mexico Public Education Department (NMPED). It has been written and reviewed by medical professionals and is an essential component of school health services in the state.

HEALTHIER SCHOOLS - NEW MEXICO

A Model of Coordinated School Health

How to Use this Document

The School Health Manual is available to school health staff, administrators, and members of the public. We recommend reading it through at least once and referencing it as necessary throughout the school year.

To share a passage, click the  icon next to the header and save the link. You can search the manual using the search bar in the top right corner.
